

John Hall

Another driver who achieved much of his success later on, John Hall was up and coming fast in the last couple of years of this first volume. John raced all over the Northwest from his home in Vancouver, B.C., first in an MGA and then in a red Porsche Super coupe, He was hard to beat anywhere, but especially on his home Westwood track. John and Terry Nilsson were especially close in similar Porsches in those years, trading wins at Westwood. John was to move up to Trans Am cars, among others during the period to be covered in Volume Two. John is now retired and living in Penticton
